PAGENBERG SAS SPE**

Location Paris

Languages: English, French

**+33 1 53 05 15-02
dupuis@bardehle.fr**

Dominique Dupuis-Latour's main areas of practice include intellectual property law, particularly patent prosecution, enforcement of IP rights, licensing, auditing of patent portfolios, representation in patent infringement and nullity proceedings before the courts, as well as opposition and appeal proceedings at the European and French Patent Offices.

His technical fields of expertise include telecommunications, wireless appliances, software, medical devices, health products, and automotive, aerospace and weapons technology.

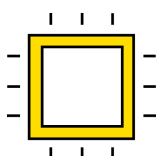

As a qualified French attorney-at-law, Dominique Dupuis-Latour also has extensive experience in specific French proceedings, particularly in French discovery proceedings ('saisie-contrefaçon'). He frequently cooperates with attorneys abroad and coordinates complex parallel litigation proceedings in various European countries.

Recommended in

Dominique Dupuis-Latour knows it inside-out. Whether filing and prosecuting patents, acting in infringement proceedings, or negotiating licensing deals, he is a reliable choice.

IAM Patent 1000, 2024

The telecommunications industry is a focus, and dual-qualified patent attorney and attorney-at-law Dominique Dupuis-Latour knows it inside-out. Whether filing and prosecuting patents, acting in infringement proceedings, or negotiating licensing deals, he is a reliable choice.

IAM Patent 1000, 2022

He combines patent prosecution with involvement in patent infringement and nullity proceedings before the courts, as well as opposition and appeal proceedings before the EPO.

IAM Patent 1000, 2020

Heading up the firm's prosecution practice is Dominique Dupuis-Latour, a dual-qualified maven who features on all three of our individuals tables this year. He has 20 years of experience working with patents, and is especially valuable when assisting international clients with the labyrinthine specifics of French courtroom discovery proceedings.

IAM Patent 1000, 2019

Publications

He regularly publishes articles for various engineering journals.
