European Patent Attorney, Senior Associate

Location Munich

Languages: German, English, Polish

+49 89 928 05-0

michael-wolfgang.waschak@bardehle.de

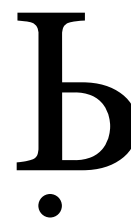

Michael Wolfgang Waschak's practice focuses on electrical engineering, particularly control engineering, electrical devices and telecommunications. In addition to patent prosecution as well as opposition and appeal proceedings before the European Patent Office, he is also a member of a team of patent attorneys and attorneys-at-law conducting patent infringement proceedings before German patent infringement courts and in nullity proceedings before the German Federal Patent Court.

As a member of our team of experts, he is involved in filing and prosecuting patents in his technical fields of expertise.

Michael Wolfgang Waschak draws on his knowledge and experience from his professional practice in the industry as an engineer, project leader and program manager. He has managed interdisciplinary, industrial research and development projects on several continents.

Michael Wolfgang Waschak is an inventor holding several patents as well as the author of various scientific publications in the field of electric drives and renewable energies.
